paper currency, and, by conducting busi- rich and populous countries that border the standard of gold and silver. To aid our flag over the enterprise of our fellow-citizens. We receive from the Powers in that region ment of their monetary affairs, the duty devolves on us to diminish by law the devolves on us to diminish by law the messages of condolence on the death of our amount of paper money now in circula- late Chief Magistrate from the Bey of Tunis, tion. Five years ago the bank-note cir- whose rule includes the old dominions of culation of the country amounted to not Carthage, on the African coast. much more than two hundred millions; Our domestic contest, now happily ended, now the circulation, bank and national, has left some traces in our relations with one simple statement of the fact recommends the insurgent States was unprecedented, more strongly than any words of mine and has not been justified by the issue. But could do, the necessity of our restraining in the systems of neutrality pursued by the this expansion. The gradual reduction Powers which made that concession, there of the currency is the only measure that was a marked difference. The materials of

actual wealth and still greater undevel- baving once escaped from British ports, ever oped resources of the country; and next afterward entered them in every part of the in the character of our institutions. The world, to rofit, and so to rone their depremost intelligent observers among political economists have not failed to remark that the public debt of a country is safe in proportion as its people are free; that the debt of a republic is the safest of all debt of a republic is the safest of all.— to drive the American flag from the sea, and Our history confirms and establishes the to transfer much of our shipping and our theory, and is, I firmly believe, destined to give it a still more signal illustration.—
The secret of this superiority springs not merely from the fact that in a republic the national obligations are distributed more widely through countless numbers in all classes of society; it has its root in the character of our laws. Here all men contribute to the general wolfare, and bear their fair share of the public burdens. During the war, under the impulses of patriotism, the men of the great body of the people, without regard to their own comparative want of wealth, there and filled our thronged to our armies are of such thronged a more complex the country has acquired a more complex the cou thronged to our armies and filled our formation of a joint commission to settle fleets of war, and held themselves ready mutual claims between the two countries, fleets of war, and held themselves ready to offer their lives for the public good.—
Now, in their turn, the property and income of the country should bear their just proposition, in that vory unsatisfactory form, has been declined.

The property and income of the burden of taxation, because of the country should bear their just has been declined.

The proposition of the burden of taxation, because of the country should bear their just has been declined.

The proposition of the burden of taxation, because of the country should be are their just has been declined.

The proposition of the country should be are their just has been declined.

No favored class should demand freedom from asressment, and the taxes should be so distributed as not to fall unduly on the poor, but rather on the accumulated wealth of the country. We should look at the notile as free from taxation as the absolute discission against Great Britain, such comparison industry is blessed with unexampled reindustry is blessed with unexampled rewards, and the bread of the workingman is sweetened by the consciousness that the interests of peace and justice to establish important principles of international law.—
The correspondence will be placed before you. The ground on which the British Minthe country. We should look at the nolater resta his justification is, substantially, right. Here, under the combined in-

estimated that the revenue for the year ending the 30th of June, 1867, will exceed the expenditures in the sum of \$111,682,818. This amount, or so much as may be deemed sufficient for the purpose, may be applied to the reduction of the public debt, which, on the 31st day of October, 1865, States have wisele and feeled that it is also tween the two countries must rest on the centered and truly independent. Here resigned and truly independent. Here more and more care is given to provide education for every one born on our soil.—

Here religion, released from political connection with the civil government, refuses to subserve the craft of statesmen, and because of the public debt, through all those revolutions the United comes, in its independence, the spiritual life contend and truly independent. Here of informing the citizens of Chardon and incorporate and is now ready to do all kinds of Blacksmith ing Work: It for the propose, and is now ready to do all kinds of Blacksmith ing Work: It for the propose is a control of the propose applied to the reduction of the public debt, which, on the 31st day of October, 1865.

Was \$2,740,854,750. Every reduction will diminish the total amount of interest to be paid, and so enlarge the means of still further reductions, until the whole shall be liquidated; and this, as will be seen from liquidated; and this, as will be seen from liquidated.

Through all those revolutions the United comes, in its independence, the spirtual into of the people. Here toleration is extended to every opinion, in the quiet certainty that truth needs only a fair field to secure the victory. Here the human mind goes forth it on others; and we have consistently followed and this, as will be seen from liquidated and this, as will be seen from liquidated. liquidated; and this, as will be seen from lowed the advice of Washington to recomthe estimates of the Secretary of the Treasury, may be accomplished by annual payments, even within a period not exceeding thirty years. I have faith that we shall do all this within a reasonable time; that, as we have amezed the world by the suppression of a civil war which was thought to be beyond the control of any Government, so we shall equally show the superiority of our institutions by the prompt and faithful discharge of our national obligations.

The Department of Agriculture, under its present direction, is accomplishing much in developing and utilzing the vast agricultural capabilities of the country, and fer information respecting the details of its manage-

I have dwelt thus on our domestic atfairs because of their transcendent import-

producing everything that is necessary for responding moderation. We should regard Washington, that "every step by which the tion's life. Now, on the first occasion of the wants, & even the comforts of man, make it as a great calamity to ourselves, to the people of the United States have advanced the meeting of Congress since the return us singularly independent of the varying cause of good government; and to the peace to the character of an independent nation, of peace, it is of the utmost importance to inaugurate a just policy, which shall at once be put in motion, and which shall commend itself to those who come after us for its continuance. We must aim at nothing less than the complete effacement of the forms of the f commend freel for those who come after strength that comme from Barmony, will no use for its form on the strength and make the complete effacement on thing less than the complete effacement of the funnels of vicin farmed and the complete effacement of the funnels of the funnels of vicin farmed and the complete effacement of the funnels of the funnel of us, counsel our active and enterprising States, and his well known zeal in promotcountrymen to be constantly on their itg the advancement of knowledge. ## ARCANA WATCH.

A Elegant Novelty in Watches.

A Elegant Novelty in Watches.

The cases of this watch are composed of several different metals combined, rolled together and planished, producing an exact imitation of 18 caratgold, called Arcana. They are as beautiful as solid gold, and are afforded at one-fourth the cost. The cases are beautifully designed, and are engraved in the exact style of the celebrated Gold Hunding Levers, and so exact an imitation of gold as to defy detection. The movements are well finished, having adjusting regulator, line dial and skeleton hands.

These watches are all Hunting Cases and of three sizes, the smallest being for Ladies. A case of six will be sent for \$125. A single one sent in a handsome case for \$25. They will readily sell for three times their cost. We also import a very superior, finished and elegant watch which we can sell for \$30 each, or \$150 per case of six. Orders for any kind of watches promptly and faithully fulfilled, Address, AR-CANA INATCH CO., No. 62 FULTON ST., New York City, Importers and Dealers in Watches of every description.
